Dear Supporters and Friends,

As we kick off our 65th year, the Community Chest continues to be a vibrant and relevant charitable organization, focused on meeting the growing needs of the community. Our mantra of *neighbors helping neighbors* applies to all who support us – donors, business sponsors, volunteers and staff. We want to take this opportunity to thank everyone who strengthened our mission this year.

With your generosity, we were able to accomplish so much over the past twelve months:

- We reached our campaign goal of $650,000!
- A new Field of Interest Fund - *When In Need* - was established to provide short term emergency funding for residents. A generous donor provided the seed money to create this fund.
- We held two cultivation events at the homes of previous and current board members to convey our mission and identify potential new supporters.
- Our allocations committee, comprised of 35 volunteers, worked tirelessly to evaluate programs, visit agencies and recommend funding to our board of directors.
- The 9th annual Community Chest Challenge relay race went off without a hitch and raised nearly $18,000.

**These activities allowed us to distribute over $522,000 from the annual campaign, $20,000 from the Cornerstone fund and $10,000 from Field of Interest Funds to 38 deserving local agencies, programs and schools.**

As we celebrate our past and look to our future, we hope you will consider supporting the Chest again - or discover our special history for the very first time.

With sincere appreciation,

Valerie Kolligian Thayer  
2010 - 2011 President

As Executive Director of the Community Chest, I want to thank all of you who helped us achieve our campaign goal this year. Your generous donations, your time, your involvement all make Concord and Carlisle unique places to live and work.

As you see highlighted in this Annual Report, we have a lot going on and a lot of wonderful agencies and programs giving invaluable service to our communities. I am blessed to work with a great staff - all of us part time - trying to accomplish as much as possible within a very tight budget. Associate Director Stephanie Parish has been with the Chest for seven years, Cynthia Wood, our bookkeeper, for twelve years. We said good-bye to our long time database coordinator Debbie Andreson as she retired on July 1st and now welcome Christine Kielar into this position.

Over the past year a strong core group of concerned individuals banded together to address adolescent depression. Many great resources were put in place, culminating with hiring Youth Coordinator Erin Duggan. This position allows the community to focus on the unmet needs of our children while providing resources for parents through a single voice in Concord and Carlisle. The Community Chest funds Erin’s position in its entirety and her work is overseen by the assistant Town Manager Doug Meagher.

Additionally, the Chest continues to address ongoing needs through our Field of Interest Funds; with a turtle banding project from our Environmental Fund, scholarships for camps through the Scholarship Fund and emergency funding for struggling families through WIN and Community Impact Funds.

We strive to put our message in the forefront of the community, keeping a 65-year old organization current with multimedia channels that are so important to everyday missions. Please “friend us” on Facebook, checkout our website where you can view our new video, and look for us in the Concord Journal, Concord Patch and Carlisle Mosquito. While there are international crises of epic proportions all around us, there is also much need right here and ways to truly make a difference.

Sincerely,

Astrid Williams
People sometimes ask how does the Community Chest make a difference in Concord and Carlisle? Thanks to video journalist Molly Bedell, our mission of raising funds and distributing them to human service organizations can now be watched as a colorful video mosaic on our web site www.cccommunitychest.org.

The story of the Community Chest is closely linked with the agencies we fund who, in turn, help improve the lives of hundreds of residents. In order to illustrate the enduring commitment of our member organizations, Molly produced a five-minute montage spanning a ‘year in the life’ of several local agencies. By viewing this video, you will witness the commitment of many individuals who assist people in need on a daily basis.

Molly spent many months visiting and filming programs supported by the Community Chest. “I was intrigued to follow the agencies throughout the year and then challenged to reveal the wide range of service and diversity of local care. In the end, I was so impressed with the sheer number of people extending a hand to each other. The compassion and care was so evident.”

Molly Bedell is a television journalist with more than 25 years of experience on the national front. She has produced, directed and written documentaries for CBS, PBS, A&E, The History Channel and National Geographic, and has won numerous national awards. In 2010, she founded Bedell Docs, a production business for non-profits.

When asked why she shifted her focus, Molly said “the best and most caring stories are those in the non-profit world. There is a tremendous need to get those stories into video because the Internet is being watched, not read.”

The Chest is grateful to Molly for bringing our mission to video. She can be reached at bedell.docs@gmail.com.
Local Businesses Lend a Hand

Many businesses throughout Concord and Carlisle sponsor the Community Chest with generous contributions of all sorts. They provide not only financial donations but also gifts-in-kind and some even allow our thermometer sign to sit on their properties. This year, several local businesses generously hosted fundraisers to benefit the Chest.

On November 18th, Concord center retail stores Blue Dry Goods and Sara Campbell hosted an evening of shopping for a cause by donating 10% of an evening’s proceeds to the Community Chest. Customers strolled through these stores enjoying wine and cheese while they shopped for the holiday season.

Crosby’s Market also helped the Community Chest raise funds in March by donating 5% of its proceeds when customers presented a shopping coupon to cashiers. For three full weeks, patrons helped support the Chest by shopping for groceries at Crosby’s.

These business sponsors and many others are instrumental in sustaining the mission of the Chest. When a local business becomes a contributor to the Community Chest, it supports more than 35 human service agencies, programs and schools. The people utilizing these services are residents of Concord and Carlisle, so the donations have a direct impact within the local community where the business is located.

Next, West Concord merchants helped set the stage for the first annual West Concord Give Back Day on March 26th. Local nonprofits were invited to participate in the event with informative displays followed by a party at Merlin’s Silver Star. The Community Chest received a portion of the donations made by more than a dozen participating retailers.

There are nearly 100 businesses that are associated with the Community Chest, giving financially or through gifts-in-kind and often in support of a fundraising event. We are grateful for their contributions and trust.
Sarah and Jeff Newton have lived in Concord for over 20 years, and have been raising their three children, two of whom are now in college. Their philanthropic priorities have ranged from the schools they attended, to medical research and the arts, and they have always included Concord area organizations like the Concord-Carlisle Community Chest when they give.

Sarah served on the Chest’s Allocations Committee for three years before serving on the Board of Directors for six, where she co-chaired the annual campaign for three years. “Serving on allocations gave me an intense look at the need of so many Concord and Carlisle residents, and the varied ways that the Chest helps different kinds of people and organizations. The allocations process is rigorous, diligent and thoughtful, and my exposure to that process gave us a great deal of confidence in supporting the Chest financially,” said Sarah.

A priority for both Sarah and Jeff is providing support through the Chest that is targeted at local need and delivered quickly. “The Community Chest is deeply involved in and connected to every key social service provider in town, and Astrid and Stephanie have their fingers on the pulse of that need. Unfortunately these needs have grown dramatically with the slumping economy, so we decided to increase our level of financial support this past year,” Sarah added.

Jeff explains their position very simply: “We feel so fortunate to have had the chance to raise our kids in a town of great beauty, with wonderful educational opportunities, and a real sense of community. The Chest plays a vital role in this community by allocating its limited resources across a broad spectrum of need and thereby helping to maintain that sense of community. The Community Chest is making a real difference.”
The Concord-Carlisle Community Chest gratefully acknowledges the following donors and sponsors whose generosity enables us to support and financially empower more than 35 human service organizations and programs.

**Thank you for your ongoing generosity!**

The sun was shining on the first Sunday morning in June as the 9th annual Community Chest Challenge took off in perfect formation. More than $18,000 was collected to support 38 charities, programs and schools that provide critical human services to residents of Concord and Carlisle. The event was a financial success as well as a community achievement thanks to 150 enthusiastic participants and 30 hardworking volunteers.

The top fundraising team was the Concord Masters who won the coveted golden paddle award for raising over $3,700. This team was also awarded four Red Sox tickets, generously donated by Cambridge Savings Charitable Foundation.

Several local agencies fielded teams this year including Open Table, Carlisle Kids’ House, Gaining Ground and Concord Children’s Center. Agency teams keep all funds raised over the $600 team fee.

Other winning teams included:
- Fastest women’s team Ms. Quitos
- Fastest men’s team Dassault SolidWorks Competitive Team 1
- Honorable Mention - Fastest Concord men’s team - Wannabees
- Fastest mixed team Concord Education Fund
- Fastest youth team Mosquito Magnets
- Fastest corporate team Dassault SolidWorks Competitive Team 1
- Fastest agency team Gaining Ground and Carlisle Kids’ House
- Fastest Acton team Acton Acorns
- Fastest Duo Team DCSF Team

The Community Chest would like to thank all of the participants, volunteers and the following sponsors for making the Challenge a financial and community success.
